BRITISH STANDARD CONCRETE PAVING FLAGS

IMPORTANT PRODUCT INFORMATION

Hoddam Contracting Company LTD's utility range of British Standard Concrete Paving Flags offer excellent slip resistance, durability, strength and size that is manufactured to *BS EN 1339:2003 standards*. They offer the end user a viable economic option for their chosen paving project, however when the customer chooses to buy said paving flags then they should be aware that the intention of the products should be used for garden building bases, pathways, pavements and working areas of your garden.

HODDAM CONTRACTING COMPANY LTD DO NOT RECOMMEND THIS RANGE OF PRODUCTS FOR OPEN AREAS OR DECORATIVE PROJECTS SUCH AS FEATURE PATIOS.

Should the customer choose to accept the use of the range for patio projects, **Hoddam Contracting Co LTD will not be held responsible** for lack of uniformity subsequently displayed in the finished products appearance. The colour and shade may vary once the products have been exposed to outside conditions and therefore the only remedy for potential discoloration being time.
